UR CONTROL™

UnitedRentals.com/URcontrol
800.UR.RENTS

The Best People, Equipment and Solutions in the Industry.

United Rentals provides the world's largest fleet of rental equipment to industrial operations and commercial contractors, as well as public and private works. We offer our customers over 800 locations throughout North America and true 24/7 support, including on-site maintenance day or night, to keep their rental equipment and plants/jobsites up and running.

Specialty Equipment and Services: Trench Safety, Power & HVAC, and Tool Solutions.

Trench Safety engineers deliver underground construction and excavation safety equipment and training. Power & HVAC experts provides temporary power, climate control, disaster recovery and related services. And our range of Tool Solutions ensure you have the tools you need, when and where you need them, from a single tool to a customized mobile tool room.

Solutions & Technology: Total Control[®] and UR Control[™].

Beyond equipment, we offer advanced solutions that streamline the rental process to help improve productivity and lower costs. Our innovative web-based fleet management system, Total Control, helps reduce equipment consumption, control costs and drive efficiencies. UR Control offers online account management through an Internet portal, with more than a dozen customer-specific reports to support bidding, budgeting and decision-making.

Over 800 equipment rental locations in North America
